[Step by Step Guide to activate Two Factor Authentication and login to Citrix portal](#)

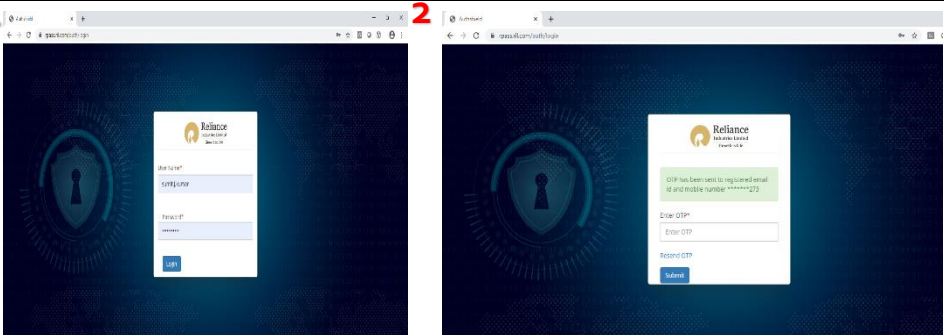

Activating Two Factor Authentication (2FA) for Citrix

This is a two (2) step self-provisioning process. Please follow the steps mentioned below to complete the activity:

Step 1: Install “RIL Pass” App from Google Play Store / App Store (iOS) on your mobile.

| | |
|---|--|
|  | <ol style="list-style-type: none">1. Go to the Google Play Store (Android) / App Store (iOS) of your mobile and type the “RIL Pass” on the search bar and then click to install.2. And click “Allow” to all the required permissions during the app installation. |
|---|--|

Step 2 : Login to URL: <https://rpass.ril.com/auth/login> to enable RIL authenticator.

| | |
|---|--|
|  | <ol style="list-style-type: none">1. Onto your laptop/PC, open Google Chrome (preferably) and enter https://rpass.ril.com/auth/login and enter Domain credentials onto your login screen.2. Once you’ve entered your AD credentials, you’ll receive an OTP onto your registered mobile number, (Keep this mobile handy with you at the time of activation) and your official RIL Email ID too. |
|---|--|

Submit Citrix_2FA

Generate QR Code

4. On the left, select **"Dashboard"** and click on **"Generate QR Code"**.
5. Open your RILPass mobile app as directed in Step 1 and follow Step 6 to scan the QR code.

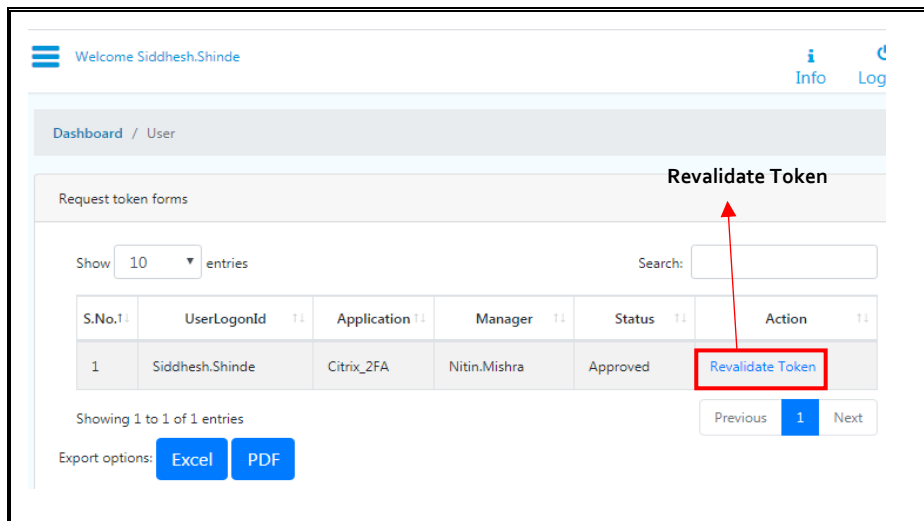

6. Kindly scan the QR Code using your **RIL Pass** mobile app and it will automatically scan the QR code and you'll receive the **Token** on your **RIL Pass** App as shown below.

NOW YOU'RE DONE WITH THE ACTIVATION.

Congratulations!!! Now you're done with the 2FA activation

Step 3: In case your current RIL-Pass token is not working & phone lost/stolen/changed, then you can re-validate the token from the Dashboard. Follow the below step.

1. Remove the existing app and **re-install** the RIL Pass in your current mobile / again install RIL Pass app as per step 1.
2. Login to <https://rpass.ril.com/auth/login> then click on "**Dashboard**" then "**Revalidate Token**" (as shown in the picture). Finally, click on "**Generate QR Code**" and scan the QR code using the RIL Pass mobile app as mentioned in point 5 and 6 in Step 2.

User Actions

Visit <https://mywfh.ril.com> (Citrix) and provide your credentials to login With **Token ID** generated in **RIL-Pass Mobile Application**. You would Need **Citrix Receiver** to access publish Virtual Desktop & App, follow the next slides for same.

2.

Citrix Workspace

Enable Single Sign-on

When enabled, single sign-on remembers your credentials for this device, so that you can connect to other Citrix applications without having to sign in each time. You should do this only if your IT administrator has instructed you to. This will take effect the next time you log on to this device.

Enable single sign-on

For more information on configuring single sign-on, please see article CTX133982 at [citrix.com/support](https://support.citrix.com).

3.

Citrix Workspace

App protection

Enable this option to prevent screen captures of the app, and to protect it from keylogging malwares.

Enable app protection

Warning: You cannot disable this feature after you enable it. To disable it, you must uninstall Citrix Workspace app. For more information, contact your system administrator.

4.

Citrix Workspace

CITRIX

 **Installation successful**

If you received instructions to set up Citrix Workspace app with your email or a server address, click Add Account. Otherwise, click Finish, and you can set up an account later.

5.

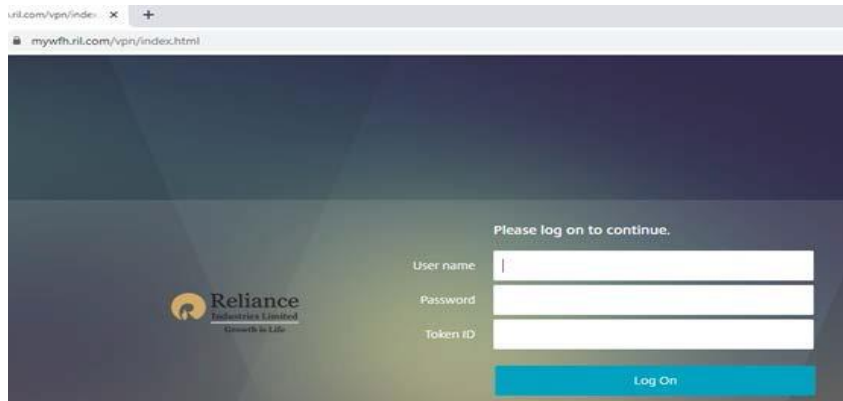

Installing Citrix Receiver on MAC

- Open your web browser and navigate to [Citrix](#)
- Click on Download Citrix Workspace App for MAC [CLICK HERE](#).

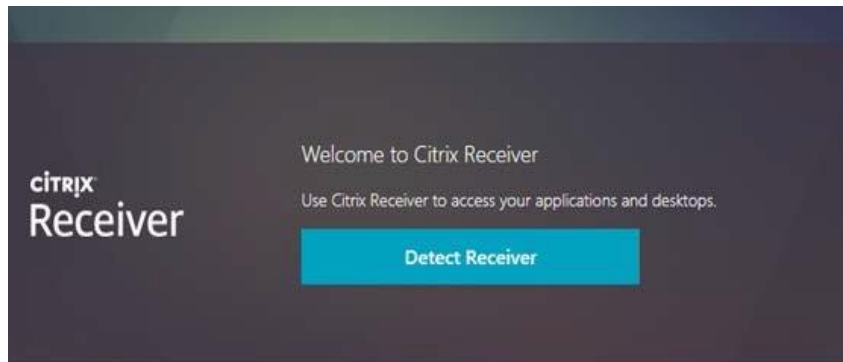

Login Process

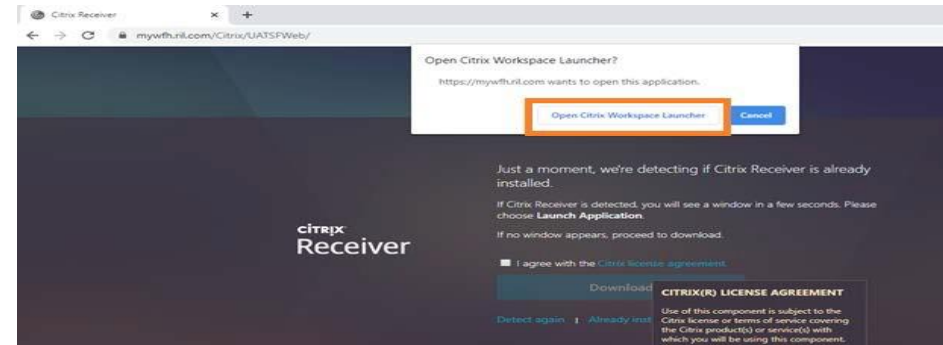

1. Login: Go to your Browser and type <https://mywfh.ril.com>. Enter Domain id password and RIL Pass Token
